

Name _____

Francis Marion and the Legend of the Swamp Fox Anticipation Guide

Read each statement. Before we read the story, write “A” if you agree with the statement or “D” if you disagree. At the end of our activity, you will reread each statement and again answer whether you agree or disagree.

Before Reading			After Reading	
Agree	Disagree		Agree	Disagree
		The only way to help win a war is by fighting.		
		Hidden messages have been used throughout history to communicate.		
		It is very difficult to create a complete circuit and children are not allowed to do this.		

Electricity- electrical energy, or the ability to do work

when electrons exert force on other electrons

Circuit-path along which electric current flows

Electric current-flow of electric charges

Insulator-material through which electric current does not pass easily

Conductor-material through which electric current passes easily

Brainstorm:

Sketch your secret message here. ---→

Draw an example of a circuit. (Use your secret message as an example!)

List one item that is an example of a conductor.

- 1.

List one item that might be an example of an insulator.

- 1.
